## Description :

Prsentation de l'diteurMuch-heralded and long awaited, Terry McMillan's tour-de-force novel introduces the Price family-matriarch Viola, her sometimes-husband Cecil, and their four adult kids, each of whom sees life-and one another-through thick and thin, and entirely on their own terms. With her hallmark exuberance and cast of characters so sassy, resilient, and full of life that they breathe, dream, and shout right off the page.From the Trade Paperback edition.ExtraitCan't nobody tell me nothing I don't already know. At least not when it comes to my kids. They all grown, but in a whole lotta ways they still act like children. I know I get on their nervesbut they get on mine, tooand they always accusing me of meddling in their business, but, hell I'm their mother. It's my job to meddle. What I really do is worry. About all four of 'em. Out loud. If I didn't love 'em, I wouldn't care two cents about what they did or be the least bit concerned about what happens to 'em. But I do. Most of the time they can't see what they doing, so I just tell 'em what I see. They don't listen to me half the time no way, but as their mother I've always felt that if I don't point out the things they doing that seem to be causing 'em problems, who will?Revue de presse"A glorious novel...without

question, this is McMillan's best." The Washington Post "McMillan has the uncanny ability to render family conflict with both humor and compassion...a life-affirming read...a triumph." The Los Angeles Times "Touching and funny." People "[McMillan] in top form." The New York Times Book
