reference for photographers of all levels using Photoshop. *Revue de presse* When it's all said and done, tools-whether hardware or software-are just tools, and it's your ideas and images that matter. You'll find that Martin knows both sides of the equation and never lets the techniques distract from the vision. I think you'll find his perspective and experience invaluable. --John Nack, Principal Product Manager, Adobe Photoshop

Evening's Adobe Photoshop for Photographers titles have become classic reference sources, written to deal directly with the needs of photographers and filled with a wealth of practical advice, hints and tips to help you achieve professional results. --Professional Photographer Note from the publisher : the book's front and back cover are smaller than the rest of the pages. It is a natural artefact of the printing process and agreed by both the author and publisher. Richly illustrated with photos and screen grabs, this is an invaluable guide for anyone serious about Photoshop at a very reasonable price. --What Digital Camera
