Description : Description du produit
This Bay I shall describe when I come to speake of the rest of the Coast. Hoisted out the Boats and moor'd with the Stream Anchor. While this was doing I went ashore accompanied by Mr. Banks and Dr. Solander to look for a Watering place and to speak with the Natives, who were assembled on the Beach at the Head of the Bay to the Number of 30 or 40. They were so far from being afraid or surpris'd at our coming amongst them that three of them came on board without the least hesitation. They are something above the Middle size, of a Dark Copper Colour with long black hair; they paint their Bodies in Streakes, mostly Red and Black.

Cook made detailed maps of Newfoundland prior to making three voyages to the Pacific Ocean, during which he achieved the first recorded European contact with the eastern coastline of Australia and the Hawaiian Islands, and the first recorded circumnavigation of New Zealand. He was killed in Hawaii in a fight with Hawaiians during his third exploratory voyage in the Pacific in 1779.
