Description :

Prsentation de l'diteurGreat Britain. 1984. The miners' strike. The government against the people.In a bloody and dramatic fictional portrait of the year that left an indelible mark on the nation's consciousness, David Peace brings Britain's social and political past shockingly to life.Revue de presseIts history as noir in the style of James Ellroy, political and compelling."Brooklyn Magazine, Eight Books to Read in NovemberPeace is known more for his Red Riding Quartet, but, to my mind, this retronymic dystopia is his best book. Originally released in 2004 twenty years, obviously, after 1984 and set in Thatcherite England, the novel is an epic political hothouse and construction of genius that is, if anything, grossly

underrated."Flavorwire, 50 Best Independent Fiction and Poetry Books of 2014This is a big book about one of the most important struggles in British history... As a novelistic rendering of history, GB84 is first rate."Barnes Noble A behemoth of British fiction."Flavorwire, Must-Reads for November 2014A curious, intense, formally innovative thriller from the Herman Melville of soccer fiction."WORD Bookstores, Books of the Week, on Largehearted BoyProfoundly moving."BookslutHaunting, seminal, bleak, iconic, furied... Its a necessary novel, vital even.The Observer A conspiracy thriller laced with apocalyptic poetry. The IndependentThe writing is clever, terse, incisive... This mammoth conspiracy tale is a thriller daubed with horror. The ScotsmanSuperb... [Peace] has turned the whole episode into a gripping thriller, with no detriment to documentary realis...GB84 is a bold mixture of thriller, monologue, theatre script, chants, slogans, crime story, sexual subplot and documentary fiction... This is an epic novel...a crowded, ambitious, quick-moving novel, and as such is the literary equal of the epic events it commemorates. The GuardianA violently original novel. The TimesExhilarating... Compelling. Times Literary SupplementThe book is so compelling... Peaces terse, urgent sentences are perfectly suited to depicting a large-scale confrontation. The tactics and resources of both sides, their histories, their mindsets, the likely battlefieldsall are vividly laid out in little more than a few paragraphs. Alliteration and repetition establish a marching rhythm like massing pickets or policemen... Only a rare political novel manages that.London of BooksNovember Picks, Entomology of a BookwormPrsentation de l'diteurGreat Britain. 1984. The miners' strike. The government against the people.In a bloody and dramatic fictional portrait of the year that left an indelible mark on the nation's consciousness, David Peace brings Britain's social and political past shockingly to life.
