Description : Description du produitThis Kafka-esque masterpiece tells the story of Prentis, a man who catalogs "dead crimes" for the London Police Department and becomes involved with one case that possesses a menacing afterlife.

Prsentation de l'diteurSerious, moving and often very funny indeed Observer Prentis, senior clerk in the dead crimes department of police archives, is becoming more and more confused. Alienated from his wife and children, and obsessed by his father, a wartime hero now the mute inmate of a mental hospital, Prentis feels increasingly unsettled as his enigmatic boss, Mr Quinn, turns his investigation towards him and his father. Gradually Prentis suspects that his fathers breakdown and Quinns menacing behaviour are connected and the link is to be found in his fathers memoirs, Shuttlecock . . . Excellent, profound Alan Hollinghurst, London of Books An astonishing study of forms of guilt, laced with a thread of detection, and puckering now and then

into outrageous humour Sunday Times A superbly written claustrophobic account of power that corrupts private and public life and of guilt that becomes obsession Daily Telegraph Swifts central strength as a writer is his integrity. Story and character are treated with a seriousness and respect that while allowing for the oddity of human behaviour Shuttlecock is thoroughly and beautifully odd always honours them Times
