Description :

Prsentation de l'diteurThis is not about the basics of Airsoft, but is designed for new players and advanced players. It is not a book that promises secret methods of defeating your enemies, what gear or what weapons to buy to be uber. This is a book on TACTICS. Methods, strategies, concepts, ideas and tricks to defeating your opponents, it is about teamwork and it is about making sense of the chaos. This book will not teach you how to shoot more accurately or teach you tricks that give you instant battle field supremacy. This is a book for warriors who intend to take the fight to the enemy, who use their brain, their fighting prowess, and skill to defeat their opponent.This book covers the art of tactics as they apply to firefights. Drawn from decades

of experience, numerous manuals, guides and interviews (AKA BS Sessions). This book covers US Marine, US Army, Special Operations, British, French Foreign Legion, Soviet Tactics and more. With information and unit organization, tactical doctrine, methods and weapon load out oriented toward Airsoft. For the beginning or advanced Airsoft and Paintball warrior this book this book will help make sense of some of the chaos on the battle field, provide ideas, insight and methods and increase the lethality of your team. If you dont have it the enemy probably will. Can you take that chance? This book is one of the Airsoft Bible series. Do unto others before they do unto you!
